Instructions

Lab 7 - *10 points*

Create a new 'Empty Activity' project and name it 'Lab7YourName' (replace 'YourName' with your real name)

Put your name in your MainActivity.kt using KDoc

ex.

Your goal for this lab is to match the example here as closely as possible.

The grading structure is broken down here:

- Total points for lab: *10 points*
  - Scrollable character cards that expand when clicked: *8 points*
  - The shuffle functionality: *2 points*

Images can be found here, but you are free to use whatever images you want.

Although the device you use is up to you, the example above is using a Pixel 4

If you finish during the lab time, show your lab instructor in person. Otherwise submit a .zip of your project here when done.
